DAY 12 - SEPTEMBER 13, 2018

The Kingdom Family

Matthew 16:21-28

Reflection: The first institution created by God is the family. God has ordained the family as the foundational institution of human society. It is composed of persons related to one another by marriage, blood, or adoption. Aside from the brazen attack upon the Deity of Jesus Christ, the next platform of attack by Satan is the Family unit. The family is the basic structure of the kingdom. The attack that the enemy has launched on the family is strategic. His reason for attacking the family in such a strong way is that the family has been designed by God to be the best picture we have of God's relationship with man. If the enemy can distort our view of the family, he has in essence distorted our view of God and His kingdom.

When God's will is done in a family every part of the family prospers and they fulfil their purpose. If the family prospers, every other institution created by God (government, church etc.) prospers. Society would have us to believe that this works the other way. But, when we get this out of order, we get ourselves into turmoil, frustration, and unnecessary stress. Anytime we exalt anything above relationships, we are breaking down God's order and God's established plan.
